<b>ANP</b> Lighting			Specii	ications MDO16
			Fixture Type:	Quantity:
		Specificatio	Customer:	💮 🎉 🚯 🕅 Illuminating
-		Material: Shades are constructe aluminum. Lens: Flat, 72% transmission 0.059° thick is standard	n white acrylic lens,	Finish: A polyester powder coat high quality finish i electro-statically applied and baked at 430° for exceptional durability and color retentior Products undergo an intensive five-step cleansing and pretreatment process for maximum paint adhesion.
5	13/4" 	Electrical: Universal voltage 120- 0-10V, TRIAC and ELV protocols are standard See page 2 table for LI specs, voltage and dim Certifications: UL Listed for dry locati	/ dimming to 1% i for LED modules. ED module and driver nming protocols.	For black or white cord - canopy finish and cord grip finish will match cord color. For color cord - canopy finish and cord grip finish will match trim finish. Consult factory for other options. <b>Modifications:</b> Consult factory for custom or modified
